Marlene H. Dortch, Secretary  
Federal Communications Commission  
445 12 th Street, S.W.  
Washington, D.C. 20554

**EX PARTE FILING OF ENCINA COMMUNICATIONS CORPORATION  
RE NOTICE OF PROPOSED RULE MAKING  
ET DOCKET 18-295 UNLICENSED USE OF THE 6 GHZ BAND AND  
EXPANDING FLEXIBLE USE IN MID-BAND SPECTRUM  
GN DOCKET NUMBER 17-183**

Dear Ms. Dortch:

On May 21, 2019, I had a telephone conversation with Aaron Goldberger, Acting Wireless & International Advisor to Chairman Pai.

We discussed that in addition to stakeholders, the Chairman<sup>1</sup> and Commissioners<sup>2</sup> realize that time is of the essence for a ruling on the flexible use of mid-band (6 GHz) spectrum.

We also discussed that of the three methods before the Commission<sup>3</sup>, only "Coordination Before Deployment" (with peer review) meets the two imperatives of the proceeding, which are:

1. Licensed Stations be protected from harmful interference.
2. Expeditiously proceed to a Report and Order.

So, with ECC's proposed minor modifications<sup>4</sup> to NPRM 18-295, and by performing a one-time prior coordination of Safe Areas, existing stations are protected and unlicensed devices can be safely deployed.

Therefore, the Commission has the opportunity to safely and expeditiously issue a Report and Order to allow the operation of unlicensed devices in mid-band spectrum -- capable of serving more than 95% of US consumers.
